

Dear Partner in Mission,

### **Conference/Event Mission Resource Stand**

OSCAR has put together a resource stand with the aim of providing information for those interested or involved in world mission. A similar stand has been provided at New Wine every year since 2006 and has proven very popular with delegates. The stand is designed to be part of any event or conference of any organisation or church and provide valuable advice to attendees, whether they are staff, field personnel, enquirers or supporters of the organisation or mission in general.

The main feature of the stand is a series of 24 resource sheets aimed at providing help on various practical aspects of mission. The topics of these sheets are as follows:

#### **■ Exploring mission**

1. Practical Guide to Short-term Mission
2. Mission Organisations
3. Mission Vacancies

#### **■ Doing mission**

4. International Christian Travel
5. Shipping & Purchasing Items for Overseas

We are also willing to come and provide the whole display stand for your event at no cost to you\*. When this is the case, we can bring a laptop computer and other display materials to enhance the stand. We can also provide an advisor who can give expert help on any aspect of resourcing mission to your delegates or event visitors.

Our whole aim in providing this service is to better resource and equip those who are involved or interested in mission and we would appreciate your cooperation in doing this. Please get in touch with us if you are interested in taking us up on this offer.

In His service,

Mike Frith, Director, OSCAR
